

# TECHNOLOGY STUDENT ASSOCIATION WORK LOG

Date	Task	Time involved	Team member responsible (student initials)	Comments
01/24/26 1.	Worked on page nine and added pictures for some pages	2 hours	SV	Page nine is the newsletter page. Every month we most a new newsletter with the highlights of that month on it. We will also have some upcoming dates and information that is important to know beforehand. Then went back and added pictures that match the description for page on and two.
01/25/26 2.	Continued working on adding pictures to pages	1.5 hours	SV	Continued adding pictures to the rest of the pages so the website will look more lively to look at.
01/26/26 3.	Dedicated the full day working on reference page	3 hours	SV	This day was a reference page workday. Started off by adding all my citations for the pictures. Used one website called Unsplash. It is a free picture downloading site. Then filled out the student checklist form and got it signed. After all the forms were filled out, attached the necessary work on the page, including forms, worklogs, and important contact information seen on the website.
